Authorized collection locations shall therefore include multiple-family dwellings of four or more units, mobile or manufactured homes in licensed manufactured home parks, commercial locations, and industrial locations. SECTION 7-103. LICENSE APPLICATION, ISSUANCE AND RENEWAL.

- (B) Application for each renewal license shall be made to the Village Clerk, by the first Monday in April of each calendar year. A renewal license may be approved and issued by the President, independent of the Board of Trustees, provided the licensee has duly completed the required application, given the information required and paid the appropriate fee.
- (C) In the event that renewal has not been completed on or before May 1st of the license year, the license shall expire and the refuse collector shall be required to re-apply as an applicant for an initial license.

- (A) Each licensee shall provide an adequate number of vehicles to assure regular collection of refuse. Every such vehicle shall be kept in good repair and appearance, painted, maintained in a sanitary condition at all times, and shall be clearly marked with the name of the licensee. No such vehicle shall leak fluids, oil, hydraulic fluids, or other such materials.
- (B) Each vehicle shall also be watertight and equipped with airtight covers for such portions as are used for the transportation of garbage or similar refuse, so that offensive odors are not allowed to permeate the air and cause a nuisance within the Village of Swansea.
- (C) The Village of Swansea reserves the right to inspect any vehicles used for collection in the Village of Swansea in order to assure that each is maintained in satisfactory condition and in

accordance with the terms of this Section. Upon finding any vehicle which is not in compliance, the licensee shall immediately provide a replacement and not return the offending vehicle to service until it has been properly repaired.
